

Vacancy

SENIOR ENVIRONMENTAL EXPERT, LITHUANIA

Rail Baltica is the largest Baltic transport infrastructure project that will create the North – East economic corridor. It will be an electrified, high speed railway line with modern infrastructure for passenger and freight services, ensuring environmentally friendly and fast transportation from Tallinn to the Lithuanian-Polish border. Rail Baltica will connect the Baltic States with Central and Western Europe. The project is largely co-financed by the European Union. It has to be well-governed, with clear financial flows and procurement systems.

RB Rail AS is looking for a new enthusiastic and experienced colleague to join our rapidly growing **TECHNICAL TEAM IN A POSITION OF SENIOR ENVIRONMENTAL EXPERT, LITHUANIA.**

Our ambition is to design new best-in-class, innovative, environmentally friendly railway infrastructure with cost competitive technical solution in the region to improve the long-term well-being of the society of the Baltic States and European community.

We plan, develop and manage all technical aspects of entire Rail Baltica project to achieve cross-border interoperability.

RB Rail AS is the three Baltic States' joint venture, it was established in October 2014 and is registered in Latvia. Main business of the joint venture is the design, construction and marketing of the railway. RB Rail acts as a main coordinator of the project

JOB PURPOSE

The primary responsibilities of **Senior Environmental Expert** will be to serve in a lead role regarding environmental issues including planning, analysis, conceptual vision and supervision of the design process of the Rail Baltica project to ensure innovative solutions and environmental compliance.
