1.	Whether a bachelor's degree in business will be acceptable or not as on your Regulations PDF it only states a bachelor's degree in „Business Administration” and not „Business” as one of the acceptable titles of a qualification.	Procurement commission indicates that in accordance with requirements set in Section 8.3.7.1 of Regulation: bachelor's degree in human resource management, organization psychology, business administration, law must be submitted. Procurement commission cannot ascertain whether bachelor's degree in „Business” the Tenderer has indicated in question meets the requirements stipulated in Regulations, as procurement commission does not provide evaluation of proposals before their submission. Evaluation of submitted proposals will be provided only after receipt of all proposals during the evaluation process.
