

Vacancy

BIM AND AIM COORDINATOR, ESTONIA

Rail Baltica is the largest Baltic transport infrastructure project that will create the North – East economic corridor. It will be an electrified, high speed railway line with modern infrastructure for passenger and freight services, ensuring environmentally friendly and fast transportation from Tallinn to the Lithuanian-Polish border. Rail Baltica will connect the Baltic States with Central and Western Europe. The project is largely co-financed by the European Union. It has to be well-governed, with clear financial flows and procurement systems.

RB Rail AS is looking for a new enthusiastic and experienced **COLLEAGUE** to **JOIN** our rapidly growing **TECHNICAL TEAM** in a position of **BIM and AIM coordinator, Estonia**.

Our ambition is to design new best-in-class, innovative, environmentally friendly railway infrastructure with cost competitive technical solution in the region to improve the long-term well-being of the society of the Baltic States and European community.

We plan, develop and manage all technical aspects of entire Rail Baltica project to achieve cross-border interoperability.

RB Rail AS is the three Baltic States' joint venture, it was established in October 2014 and is registered in Latvia. Main business of the joint venture is the design, construction and marketing of the railway. RB Rail acts as a main coordinator of the project.

JOB PURPOSE

The primary responsibilities of the Building Information Modelling (BIM) and Asset Information Management AIM Coordinator will be to implement, maintain and co-lead the BIM system implementation process for the Rail Baltica Global Project.

REQUIREMENTS

- Bachelor's degree or equivalent in Civil Engineering or other discipline related to BIM;
- 3+ years' experience of BIM or similar system implementation and coordination;
- Experience with infrastructure (particularly – railway) design and/or BIM projects desired;
- Proficient in the MS Office Suite and common CAD tools;
- Desired experience with Bentley OpenRoads, OpenRail, ProjectWise; Trimble Tekla Structures, Connect; Autodesk Revit or Civil 3D; Oracle Aconex;
- Understanding of OpenBIM approach and standards;
- Understanding of IT processes and system integration across different software platforms;
- Solid verbal, written and presentation skills;
- Outstanding organizational abilities and technical mindset;
- Resilient to coping with conflicting demands, able to prioritize duties and work under pressure;
- Fluent in English and good command of technical English;
- High ethical standards, honesty, and impeccable reputation;
- Able to benchmark and apply best practices of large infrastructure projects;
- Strives for continuous improvement and perfectionism in every detail;
- Must have strong communication skills and a willingness to work in a team environment.

RESPONSIBILITIES

- Implementation of BIM modeling standards, protocols and classification system;
- Co-manage BIM strategy updates;
- Co-manage BIM Employer Information Requirements, BIM Execution Plans, BIM Data Models and Level of Development;
- Represent, communicate and participate in dialog with local BIM communities and interested 3rd parties;
- In accordance with the employer's request and within the scope of the work responsibilities, to participate in the preparation of technical specifications and participate at the RB Rail AS public procurement committees in accordance with Latvian Public Procurement Law;
- Assist on implementation of BIM software platform and technical tools according to BIM strategy and BIM standards;
- Asset management system and information register implementation and maintenance;
- Ensure necessary automated quality controls and other processes and workflows are implemented in BIM software platform;
- If necessary, assist Technical department in data verification process;
- Act as BIM software platform co-owner and manage change request prioritization and further system development; manage user access, user rights, configurations
- Manage BIM software platform availability, plan maintenance, ensure all integrations are operational;
- Provide end user support for BIM software platform, provide consultations for National Implementing bodies and Contractors. Ensure necessary documentation is in place;
- Act as Co project manager in design projects.

If you feel that your experience and personality match the position and you are willing to be a part of the challenging and unique project, please, send your CV and motivation letter with the subject "BIM and AIM Coordinator, Estonia" to RB Rail AS: job@railbaltica.org. Salary starting from 2800 EUR before taxes.
