RB Rail AS presents the following answers to the questions received until 28 July 2017 from the interested suppliers:

No	Question	Answer
1.	Please confirm, that railway infrastructure modernization studies or railway infrastructure design projects or railway infrastructure operation concept studies or railway infrastructure Cost benefit analysis preparation or analysis of railways capacity are materially similar as railway infrastructure management.	The Procurement commission cannot pre-evaluate the content or nature of information presented in the question or verify its compliance with qualification requirements before submission of the proposal. The Tenderers in their proposals are invited to provide outline of the studies carried out during the qualification period, confirming material similarity and relevance to the procurement subject matter.
2.	Due to the high vacation season in Germany during July - August months it is hard to collect in time necessary administrative and legal documents and approvals from related governmental and nongovernmental institutions also confirmations with signatures from proposed experts (due to their vacation absence), we are kindly asking you to postpone proposals submission deadline till 4 of September 2017.	The Procurement commission has taken into account your consideration and will make a decision on prolonging the period for submission of proposals within the next week. Please follow any updated information regarding this procurement in the publication notice at RB Rail AS web page (http://www.railbaltica.org/tenders/).
