No 6.1/2017- 469

**Answers to the questions from the interested suppliers
in open competition “Feasibility and technical framework
study for a rail bound (light rail or tram) connection from
RB Ūlemiste passenger terminal to TEN-T core network
Tallinn passenger port (Old city Harbour / Vanasadam)”
ID. No RBR 2017/22**

RB Rail AS presents the following answers to the questions received until 8 September 2017
from the interested supplier:

No	Question	Answer
1.	Is it necessary to register company as a tenderer before submitting proposal?	There is no need to register in a particular form of the Tenderer, please see open competition Regulation Section 6 for details.
2.	Regarding to p 7.5 of regulation the Architect (key expert) must have master’s degree in architecture or spatial planning or equivalent ? Is it equivalent if the key expert has master’s degree in specialty of land readjustment (equivalent education) and additionally the same person has been granted the qualification of a spatial environment planner (person has the professional certificate according to local law)? Regarding to local Planning Act in Estonia (https://www.riigiteataja.ee/en/eli/508052017001/consolide) § 6 p 10 ‘ <i>planner</i> ’ means a person who possesses a higher education corresponding to Master’s level in the specialism of geography, architecture or landscape architecture or a person holding the professional certificate of the level of an authorized specialist or a person who has been granted the qualification of a spatial environment planner.	Please be informed that Procurement commission cannot pre-evaluate the content or nature of information presented in the question or verify its compliance with qualification requirements before submission of the proposal. As it is stated in the qualification requirements for <i>Architect / Urban spatial planning expert</i> (Regulation clause 7.6 part 5) a Tenderer shall provide additional documentation or explanations proving the equivalence of acquired education with Master’s degree in Architecture or Spatial planning.
