**Answers to the questions from the interested suppliers
in open competition "Rail Baltica energy subsystem procurement and deployment
strategy" ID. No RBR 2018/8**

RB Rail AS presents the following answers to the questions received until 12 February 2018 from the interested suppliers:

| No | Question | Answer |
|----|---|--|
| 1. | We would kindly ask for an extension of time by 3 weeks for the submission of our offer for "RAIL BALTICA ENERGY SUBSYSTEM PROCUREMENT AND DEPLOYMENT STRATEGY" procurement. This request is a consequence of the complexity of the requirements and the short time allocated to the proposal preparation. | The Procurement Commission has received and provided due consideration to your request to extend the deadline for the submission of proposals. Please note that at this moment, the Procurement Commission has not made a decision to grant such an extension, however, the Procurement Commission is open to any further clarifications and requests, to which it shall provide due consideration. Should any further requests provide further substantiation for an extension with reasonable and clear arguments by the potential participant, the Procurement Commission may choose to extend the proposal submission deadline at a future date. |
