- 21.2. If, in accordance with the information published on the day of the last data update in a public database, on the last day of Proposal submission or on the day when the decision regarding the possible assignment of rights to conclude a Contract is made, the Tenderer, member of a partnership (if the Tenderer is a partnership), a subcontractor whose share of work is equal to or exceeds 10% of the Contract price or a person on whose capabilities the Tenderer is relying have tax debts, including state mandatory insurance contributions debts, the total sum of which exceeds 150 euro, the Procurement Commission informs the Tenderer and sets a deadline – 10 days from the day of issuing or receiving information – for the submission of a certificate evidencing absence of tax debt or decision to prolong the deadline or postpone payment of the tax, an agreement on payment of the tax or other objective evidence proving absence of a tax debt.

If the measures taken are insufficient, the Procurement Commission makes the decision to exclude the Tenderer from further participation in the open competition procedure. If the Tenderer, within the indicated time, does not submit the requested information, the Procurement Commission excludes the Tenderer from participation in the open competition.

## **22. DECISION MAKING, ANNOUNCEMENT OF RESULTS AND ENTERING INTO A CONTRACT**

- 22.1. The Tenderer whose Proposal will receive the best score shall be selected.
- 22.2.   - 22.2.3. the deadline by which the Tenderer may submit a complaint to the Procurement Monitoring Bureau regarding violations of the public procurement procedure.
- 22.3. If only 1 (one) Tenderer complies with all the Tenderer selection requirements, the Procurement Commission prepares and includes in the open competition procedure report a justification of the fact that the set requirements for Tenderer selection are objective and commensurate. If the Procurement Commission cannot justify that the set requirements for Tenderer selection are objective and commensurate, it makes the decision to terminate the public procurement procedure.
- 22.4. If the public procurement procedure is terminated, the Procurement Commission within 3 (three) Business days simultaneously informs all Tenderers about all the reasons because of which the open competition procedure is terminated and informs about the deadline within which a Tenderer may submit an application regarding the violations of the public procurement procedure to the Procurement Monitoring Bureau.

- 22.9.2. refuses to conclude the Contract or does not submit a signed Contract within the deadlines defined in the Regulation.
- 22.10. In such a case the Procurement Commission is entitled to terminate this open competition without selecting any Proposal, or to select the Proposal with the next best score. For either of these decisions a written decision must be made.
- 22.11. Prior to making the decision regarding the conclusion of the contract with the next Tenderer, the Procurement Commission assesses whether the next Tenderer is one market participant together with the initially selected Tenderer. If the next selected Tenderer is found to be one market participant together with the initially selected Tenderer, the Procurement Commission makes a decision to terminate the open competition without selecting any Proposal. If the next chosen Tenderer also refuses to conclude the contract or does not submit a signed public procurement contract within the deadline set by the Procurement Commission, the Procurement Commission makes the decision to terminate the open competition without selecting any Proposal.
