1.	We kindly request an extension of proposal submission deadline by one week due to COVID situation in some of the EU member states. Some processes take more time than previously envisaged as a result of which we cannot get some of the relevant and/or required information for the proposal. Hence, we run risk of not being able to submit proposal for some of the lots, possibly even for any of the lots that we have experience and credentials in.	Procurement Commission evaluated interested supplier question and will not extend deadline of proposal submission.
