***Answers to questions from the interested suppliers
in open competition "Reliability, availability,
maintainability and safety (RAMS) consultancy services",
identification number RBR 2020/12***

RB Rail AS presents following answers to the questions received from the interested suppliers until 8 September 2020:

Nr.	Questions	Answers
1	We are well aware of the applicable European norms and standards to implement the study and as well have performed similar studies in other countries. However, to be able to submit a high-quality and competitive offer, we also need to take into account the local legislation and norms. For this we are currently translating the applicable standards and norms. Unfortunately, due to the global pandemic, the translation agencies seem to have a limited work capacity at the moment. Following this we would need two more weeks to finalize the translation and assessment. We kindly request to extend the deadline for submission to the 28 th September 2020.	Hereby Procurement commission informs that it has made a decision to extend the date for submission of proposals. The time for submission of proposals will be extended till 21 September 2020 15:00 o'clock (Time Zone EEST (Eastern European Summer time), Rīga (Latvia)). Please follow up the information provided in the E-Tender system and RB Rail AS webpage.

Sincerely,

Procurement commission chairperson

N.Vjatkina
