Vacancy

DESIGN AND CONSTRUCTION PROCESS SUPERVISOR, LITHUANIA

RB Rail AS is the largest Baltic transport infrastructure project in the North. East Europe corridor. It will be an electrified, high-speed railway line, modern infrastructure for passenger and freight services, ensuring the efficient, friendly and fast connection from Tallinn to the Lithuanian-Finnish border. RB Rail AS is the joint venture with Central and Western Europe. The project is largely co-financed by the European Union. It must be well-governed, with clear financial flows and procurement systems. RB Rail AS is looking for a new challenge to join our growing team in a position of DESIGN AND CONSTRUCTION PROCESS SUPERVISOR.

Our ambition is to plan, monitor and control the delivery for the new line, including innovation, environmentally friendly railway infrastructure with cost-effective technical solutions in the region to improve the long-term well-being of the society of the Baltic States and European Community. We plan, develop and manage all technical aspects of the respective Rail Baltica project to achieve cross-border interoperability. RB Rail AS is the three Baltic States’ joint venture which was established in October 2014 and is registered in Latvia. Main business of the joint venture is in the design, construction and marketing of the railway.“ RB Rail AS acts as a central coordinator of the project.

JOB PURPOSE

RB Rail AS as construction work coordinator seeks a supervisor (supervisor - engineer) for designing and construction activities who will be responsible for development of methodology for technical, legal, and financial checks and audits on the project and ensuring that the existing requirements of Design Guidelines and TI of construction procurements. Supervisor shall ensure that RB Rail AS project implements the most reasonable and cost-effective technical solutions from lifecycle perspective and shall ensure that Rail Baltica project is fully aligned with EU Construction Products Regulation (CPR) and applicable harmonized EN product particularities.
