Nr.	Question	Answer
1.	Referring to the announced tender for Rail Baltics Executive Liability Insurance, please tell me, whether there has been any impact of the Covid-19 pandemic on company's operations? If so, in what way?	In response to a question from an interested supplier, the Procurement commission indicates that there has not been significant impact of the Covid-19 pandemic on RB Rail AS operations. Working arrangements were adjusted to remote working with no additional costs, thus there was no significant impact on company's performance and finance. RB Rail AS continued its growth according to the strategic targets, necessary resources (employees) were hired in 2020. All necessary measures and changes in working arrangements have been implemented to limit the infection risk across RB Rail AS and across the Rail Baltica Global project delivery partners.

Sincerely,
