

## QUALITY MANAGER

**Rail Baltica** is the largest Baltic transport infrastructure project that will create the North – East economic corridor. It will be an electrified, high speed railway line with modern infrastructure for passenger and freight services, ensuring environmentally friendly and fast transportation from Tallinn to the Lithuanian-Polish border. Rail Baltica will connect the Baltic States with Central and Western Europe. The project is largely co-financed by the European Union. It must be well-governed, with clear financial flows and procurement systems. RB Rail AS is looking for a new enthusiastic **COLLEAGUE** to join our growing team in a position of **QUALITY MANAGER**.

Our ambition is to plan, monitor and control the delivery the new best-in-class, innovative, environmentally friendly railway infrastructure with cost competitive technical solution in the region to improve the long-term well-being of the society of the Baltic States and European community. We plan, develop and manage all technical aspects of entire Rail Baltica project to achieve cross-border interoperability. RB Rail AS is the three Baltic States' joint venture, it was established in October 2014 and is registered in Latvia. Main business of the joint venture is the design, construction and marketing of the railway. RB Rail acts as a main coordinator of the project.

### JOB PURPOSE:

The primary responsibilities of the Quality Manager is to set in place Quality management processes and standards as per most up to date Railway practices. Develop the RBR Quality Management Plan and procedures to be adhered to by all parties involved in the Rail Baltica development up to Operations. Develop the Quality management team.

### REQUIREMENTS

- Having developed and managed the Quality Assurance department in previous railway project for at least 3 years
- Having relevant internationally recognised Qualification for the Quality manager position (ISO 9000 series)
- Excellent communication skills
- Ability to undertake market research
- Planning and project management skills
- The ability to interpret data and statistics (Analytics)
- Relevant skills with technology
- Leadership and management skills
- Familiarity with quality standards and processes
- Bachelor degree in Business management or equivalent level
- Resilient to coping with conflicting demands, able to prioritize duties and work under pressure
- Fluent in English and good command of technical English
- High ethical standards, honesty, and impeccable reputation
- Strives for continuous improvement and perfectionism in every detail

### RESPONSIBILITIES

- Understanding project specifics needs and requirements to develop effective quality control processes
- Devising and reviewing specifications for products or processes
- Setting requirements for raw material or intermediate products for suppliers and monitoring their compliance
- Developing Field data collection processes and Tools

### OFFICE LOCATION

Any RB RAIL AS Branch office as per preferences (Riga, Vilnius or Tallinn).

### SALARY

Starting from 4000 EUR (before taxes).

### APPLICATION PROCESS

If you are willing to be a part of the challenging and unique project, and your experience and personality match the position's requirements, please, send your CV and motivation letter in English with the subject "QUALITY MANAGER" to RB Rail AS recruitment partners SIA "Recruitment Latvia": [rbrail@cvor.lv](mailto:rbrail@cvor.lv) by 10th April 2021.

By submitting this application (CV, motivation letter, etc) the applicant provides the authorisation for the processing of personal data by RB Rail AS ("Controller") and SIA "Recruitment Latvia", Reg. No 40003955719, as its respective recruitment partners. The personal data indicated in the application documents will be processed for the purposes of the recruitment and hiring processes only as is legally permissible under Art. 6(1)(f) of Regulation (EU) 2016/679 (General Data Protection Regulation)
