EPS registration procedure

To register into the EPS, the supplier must fill in and submit the following to the State Regional Development Agency (SRDA):

- EPS user's registration form (signed by the supplier's authorised representative);
- Authorisation to act as administrator within the e-tender system in name of the user (signed by the supplier's authorised representative and the administrator to be authorised, meaning that the authorisation must be confirmed by two persons).

SRDA contacts: <http://www.vraa.gov.lv/en/>

Necessary application forms in English language:

[Authorisation of the Administrator Application Form](#)

[Registration Form](#)

Once the forms have been filled, they must be submitted to SRDA. The forms may be submitted either:

- in print;
- electronically, with a secure e-signature [1], by sending the electronic document to the email address: pasts@vraa.gov.lv.

After receiving the registration documents, SRDA registers the organisation as an EPS's member and creates a user with an assigned role supplier administrator. The supplier administrator receives an e-mail with the system's access data – a username, password and a code card.

Detailed manual on how to use the e-tender sub-system can be found [here](#).

General questions on How to use e-tender subsystem can be found [here](#).

Use of European Single Procurement Document (ESPD) in e-tender sub-system can be found [here](#).

Two registration forms must be submitted to State Regeional developement agency

Advice on joining the e-Procurement system and updating
user access data

Most frequent question regarding registration of group of suppliers:

Q: Which companies shall be registered as users of E-Tenders system in order to submit Application/ Proposal if the Candidate or tenderer is a group of suppliers?

A: If the candidate is a partnership (consisting of several companies which have made commitment to submit application or proposal jointly):

- 1) All members may register as users of E-Tenders system and submit application jointly;
- 2) Partnership may authorize one member to submit application/ proposal on behalf of the partnership (partnership agreement must be concluded and attached);

If the candidate is just relying on capabilities and capacity of other entities in order to meet any of qualification requirements or involve sub-contractors, these entities shall not be registered as users of E-Tenders system.

Practical example:

If the Candidate is not a manufacturer of one or another component (sleepers or fastenings, or under sleeper pads), it must submit authorization letter issued by the respective manufacturer confirming the capability and the capacity to produce any of component + ISO 9001 and ISO 14001 certificate or equivalent. No need to register other manufacturers as users of E-Tenders system.

No amendments after submission!
Tenderer has accepted the requirements by submitting the proposal!

- Qualification assessment is carried out according to YES/NO principle

- Evaluation according to award criteria

NB! During the qualification assessment or evaluation Commission is not allowed to deviate from the qualification requirements or award criteria.

Commission is willing to clarify all unclear information in the proposal before it makes the decision regarding non-compliance, however...

Commission must ensure:

- Transparency
- Free competition
- Equal and fair treatment
- Effective use of the funds of RB

Dos and Dont's:

- It is **allowed** to clarify information which is included in the proposal (clarifications)
- It is **not allowed** to add totally new information to the proposal (amendments)

NB! Commission cannot recognize as compliant agreements, documents etc. which are dated after the proposal submission deadline, except the exclusion ground documents.

There are no restrictions in any of RB Rail AS Procurements regarding the form in which supplier/-s can participate in the procurement.

However, in case supplier plans to participate in the procurement as partnership there are specific requirements, such as:

In the proposal a **cooperation agreement must be submitted** where it is agreed upon liability and responsibility of each member of the partnership.

Content of the partnership (members) cannot change during the procurement procedure.
Choose the potential partners carefully to minimize the risk of future disagreements!

NB! Agreement must be signed by all members of partnership.

Entities on which capabilities supplier is relying

These are entities which experience, financial status etc. supplier is relying upon to comply with qualification requirements.

All Entities must be **clearly indicated** in the annex attached to the procurement regulations.

There must be **signed agreement or other document** between the supplier and the Entity indicating that the resource on which it is relying will be available during the contract.

Entity and subcontractor is not the same, but a third party can be Entity and subcontractor at the same time.

NB! Employees of the tenderer are not Entities or subcontractors.

Commission must verify that the proposal and other respective documents have been **signed by a person who has representation rights**.

If the person/-s in the company registration certificate differs from the one signing the proposal, it is mandatory to **submit the respective power of attorney** or other document that verify the persons rights to represent the supplier.

In some cases the chain between the person indicated in the company registration certificate and the person who has signed the proposal consist of **several documents**.

NB! All chain of documents (PoA) must be provided to the Commission.

Request for deadline extension

Must be **justified**

Must be sent in
timely fashion

Reasons why commission usually reject the request:

- No justification
- Tight timeline of the procurement (which is related to overall RBGP timeline)
- Already reasonable time for submission has been provided
- Already reasonable extension has been provided

Thank you!

Time for Q&A session!
