1. GENERAL INFORMATION

- 1.1. **Procurement Procedure:** Competitive procedure with negotiation, which is organised in accordance with:

Section 8, Paragraph 6, Clause 3 of the Public Procurement Law of Latvia and Section 2.3. of the Republic of Latvia Cabinet Regulations No 107 "Tendering Procedures for Procurement Procedures and Design Contests", effective on the day of publishing of the contract notice (hereinafter referred to as – **Competition or competitive procedure with negotiation**), because the procurement contract cannot be awarded without prior negotiations due to specific circumstances related to the nature, the complexity or the legal and financial structure of the procurement, or due to the risks related hereto. The Competition consists of two stages:

- 1.1.1. Stage One (qualification) – selection of the Candidates. During the selection of the Candidates the Procurement Commission shall select Candidates compliant with the requirements of the Regulations for the Selection of the Candidates for participation in Stage Two of the Competition.
- 1.1.2. Stage Two (proposals) – submission of initial proposal(s) of the qualified Candidates and negotiations, submission of final proposal(s) and awarding of Framework agreement. The Procurement Commission shall conduct assessment of the proposal(s) submitted by the Candidates and negotiations on initial and all further proposals. After the negotiations, the Procurement Commission shall request the Tenderers to submit their final proposals. The Procurement Commission shall verify compliance of the final proposal(s) with the requirements of the Regulation and determine the Tenderer, which is awarded the Framework agreement, through establishing of the criteria set to determine the most economically advantageous proposal. The Procurement Commission shall be entitled to make a decision not to organise negotiations and award the Framework agreement on the basis of the initial proposal(s) submitted by the Tenderers. The regulations for the undertaking of possible negotiations will be provided in the Stage Two procurement documents.

- 9.2. The Applications are opened by using the tools offered by the E-Tenders system, the public information of the Applications shall be published in the E-Tenders System.
- 9.3. The information regarding the Candidate, the time of Application submission and other information that characterises the Application is generated at the opening of the Applications by the E-Tenders system and written down in the Application opening sheet, which shall be published in the E-Tenders System and the Contracting Authority's webpage.

10. VERIFICATION OF APPLICATIONS

- 10.1. The Contracting Authority's Procurement Commission verifies whether the submitted Applications comply with the requirements of this Regulation. If the Application does not comply with some of the requirements of this Regulation, the Procurement Commission decides on the possibility of further evaluation of the Application.
- 10.2. The Contracting Authority's Procurement Commission:
 - 10.2.1. verifies whether all documents according to Section 6.4. are included in Application.

- 10.2.2. verifies whether the Candidate complies with the Candidate selection requirements specified in Section 4.2. – 4.5. of the Regulation.
- 10.2.3. According to Article 42 of the Public Procurement Law verifies whether the exclusion grounds stipulated in Section 4.1. – 4.1.12. (*Article 42, Paragraph 1* of the Public Procurement Law) are applicable to the qualified Candidates (including persons on whose capabilities the Candidate is relying to meet qualification requirements) and which may be invited to submit proposal in Stage Two of this Competition.
- 10.3. If the Candidate is subject to any of the exclusion grounds under Section 4.1.1 and 4.1.3. – 4.1.8., the Candidate shall indicate this fact in Application (Annex No 1) and provide explanations and evidences regarding the reimbursement of the damage caused or an agreement on the reimbursement of the damage caused, cooperation with the investigating authorities and the technical, organisational or personal management measures taken to demonstrate their reliability and prevent recurrence of the same and similar cases in the future.
- 10.4. If the Candidate doesn't submit explanations and evidences, Contracting Authority shall exclude the Candidate from participating in the procurement procedure as compliant to the exclusion grounds stipulated in Sections 4.1.1. and 4.1.3. – 4.1.8.
- 10.5. Contracting authority shall evaluate the measures taken by the Candidate, member of the partnership (if the Candidate is a partnership) and evidences thereof, taking into account the severity of the criminal offence or infringement and the specific circumstances. The Contracting authority may request from the competent authorities in the relevant field of criminal offence or infringement concerned opinions whether the measures taken by the Candidate are sufficient to restore reliability and to prevent the same or similar cases in the future. The opinion shall not be requested if it is already available for the Contracting authority or the Candidate has submitted an opinion of the relevant authority in the field of criminal offence or infringement regarding the sufficiency of the measures taken by the relevant Candidate for the restoration or reliability and for the prevention of the same and similar cases in the future.
- 10.6. If the Contracting authority considers the measures taken to be sufficient to restore reliability and prevent similar cases in the future, Contracting authority shall take a decision not to exclude the relevant Candidate from participating in the procurement procedure. If the measures taken are insufficient, the Contracting authority shall take a decision to exclude the Candidate from further participating in the procurement procedure.
- 10.7. The Contracting Authority shall request the Candidate to change person on whose capabilities the Candidate is relying to meet qualification requirements for the Candidates stipulated in Regulation if such person is subject to any of exclusion grounds referred in Section 4.1.1. – 4.1.8. and 4.1.12. If the Candidate will not submit documents about another person on whose capabilities the Candidate is relying to meet qualification requirements which complies with the selection criteria within 10 (ten) business days from the date when the request was issued or sent to the Candidate, the Contracting authority shall exclude such Candidate from further participation in the Competition.
- 10.8. If the Candidate has failed to submit some of the documents which shall be submitted according to the Regulation (including evidences required by the Contracting authority in order to verify non-existence of exclusion grounds) or the contents of the submitted documents do not comply with the Regulation, the Procurement Commission decides to exclude the Candidate from further participation in the Competition.
- 10.9. Notices and other documents which are issued by Latvian competent institutions in cases referred to check of non-existence of exclusion grounds, are accepted and recognised by the Procurement Commission, if they are issued no earlier than 1 (one) month prior to submission thereof or if the notice contains a shorter validity term. Notices and other documents, which are issued by foreign competent institutions in cases referred to check of non-existence of exclusion grounds, are accepted and recognized by the Procurement Commission, if they are issued no earlier than 6 (six) months prior to submission thereof or if the notice contains a shorter validity term. The Candidate must verify the latter. This rule does not apply to fact of registration supporting documents, copies of ID cards, passports, marriage certificates or documents certifying economic standing of the Candidate.

- 10.10. If the documents, with which a Candidate registered or permanently residing abroad (outside Latvia) can certify its compliance with the requirements of Section 4.1. (Exclusion grounds), are not issued or these documents are insufficient, such documents can be replaced with an oath or, if the regulatory enactments of the country in question do not allow for an oath, - with a certification by the Candidate or by another person mentioned in Section 4.1. before a competent executive governmental or judicial institution, a sworn notary or a competent organisation of a corresponding industry in their country of registration (permanent residence).
- 10.11. Only those Candidates who have been qualified, will be invited to submit the proposal in the Stage Two of the Competition.

11. DECISION MAKING, ANNOUNCEMENT OF RESULTS

- 11.1. The Contracting Authority's Procurement Commission selects the Candidates in accordance with the set selection criteria for Candidates, verifies the compliance of the Applications with the requirements stipulated in the Regulation.
- 11.2. Within 3 (three) business days from the date of the decision about the selection of the Candidates, the Procurement Commission informs all Candidates (to the refused Candidate the reasons for refusing its Application as well) about the decision made by sending the information electronically and keeping the evidence of the date and mode of sending the information, as well as about the deadline by which the Candidate may submit a complaint as foreseen in the Section 5.
- 11.3. If only 1 (one) Candidate complies with all the Candidate selection requirements, the Procurement Commission makes the decision to terminate the public procurement procedure.
- 11.4. If the public procurement procedure is terminated, then within 3 (three) business days of the termination, the Procurement Commission simultaneously informs all the Candidates of all the reasons why the Competition procedure was terminated and informs about the deadline within which a Candidate may submit an complaint to the Institutions referred to in the Section 5.
- 11.5. When informing of the results, the Procurement Commission has the right not to disclose specific information if it may infringe upon public interests or if the Candidate's legal commercial interests or the conditions of competition would be violated.

12. THE RIGHTS OF THE PROCUREMENT COMMISSION

- 12.1. For the purpose of undertaking the procurement exercise, the Contracting Authority establishes a Procurement Commission, in accordance with its applicable procurement policy and the applicable Latvian Public Procurement Law. The Procurement Commission and the Supplier/ Candidate exchange information in writing in English or Latvian language (accompanied by a translation in English), using E-Tenders system. For the avoidance of doubt, unless specifically stated otherwise, all laws, acts and regulations under which this procurement exercise is undertaken, belong to the jurisdiction of the Republic of Latvia.
- 12.2. The Procurement Commission has the right to demand at any stage of the Competition that the Candidate submits all or part of the documents which certify the Candidate's compliance to the requirements for the selection of Candidates. The Procurement Commission does not demand such documents or information which are already at its disposal or is publicly available free of charge. At the request of the Procurement Commission, the Candidate must specify the address and method of access to the public database.
- 12.3. If the Candidate submits document derivatives (e.g. copies) and the authenticity of the submitted document derivation is in doubt, the Procurement Commission can demand that the Candidate shows the original documents.
- 12.4. During the qualitative selection of Candidates, the Procurement Commission has the right to demand that information included in the Application to participate in Competition is clarified.

13. THE OBLIGATIONS OF THE PROCUREMENT COMMISSION

- 13.1. The Procurement Commission ensures that the process of the Competition procedure is appropriately documented.
- 13.2. The Procurement Commission ensures free and direct electronic access to the Competition procedure documents in the E-Tenders system available at <https://www.eis.gov.lv/EKEIS/Procurement/Edit/58574> and at the Contracting Authority's Internet webpage <https://www.railbaltica.org/tenders/>.
- 13.3. If an interested supplier has requested additional information via the E-Tender system, the Procurement Commission provides a response via the E-Tender system within 5 (five) business days, but not later than 6 (six) days before the deadline for submitting Application's. The Contracting Authority publishes this information on the E-Tenders system's webpage and on the Contracting Authority's Internet webpage <https://www.railbaltica.org/tenders> under the section of the respective Competition procedure, indicating the question asked.
- 13.4. If the Contracting Authority has amended the Competition procedure documents, it publishes this information on the E-Tenders system's webpage <https://www.eis.gov.lv/EKEIS/Procurement/Edit/58574> and at the Contracting Authority's Internet webpage <https://www.railbaltica.org/tenders/>, where Competition procedure documents are available, no later than 1 (one) day after the notification regarding the amendments have been submitted to the Procurement Monitoring Bureau for publication.
- 13.5. The exchange and storage of information in the E-Tenders system is carried out in such a way that all data included in the Applications is protected and the Contracting Authority can check the content of the Applications only after the expiration of the deadline for their submission. During the time period between the day of the submission of Applications until the moment of opening thereof the Contracting Authority does not disclose any information regarding the existence of other Applications. During the period of Candidate assessment until the moment of the announcement of the results of the Candidate selection the Contracting Authority does not disclose information regarding the assessment process.
- 13.6. The Procurement Commission assesses the Candidates and their submitted Applications based on the Latvian Public Procurement Law, this Regulation on competitive procedure with negotiations, as well as any other applicable regulatory enactments.
- 13.7. If the Procurement Commission determines that the information included in the submitted documents about the Candidate, its subcontractors and persons upon whose capabilities the Candidate is relying is unclear or incomplete, the Procurement Commission demands that the Candidate or a competent institution clarifies or expands the information included in the Application. The deadline for the submission of the necessary information is determined proportionally to the time which is required to prepare and submit such information. If the Procurement Commission has demanded to clarify or expand upon the submitted documents, but the Candidate has not done this in accordance with the requirements stipulated by the Procurement Commission, the Procurement Commission is under no obligation to repeatedly demand that the information included in these documents be clarified or expanded upon and the Contracting Authority's procurement commission evaluates Applications based on the information available in the such Applications.
- 13.8. The Procurement Commission prepares the invitation to the Stage Two of the Competition consisting of the Regulations of the Stage Two of the competitive procedure with negotiations, the Technical Specification and the draft Contract and sends it to the selected Candidates that have been qualified for the Stage Two of the competitive procedure with negotiations.

ANNEX NO 2: GENERAL DESCRIPTION OF SUBJECT MATTER

1. Introduction to Rail Baltica project

Rail Baltica is a joint project of three EU Member States – Estonia, Latvia and Lithuania – and concerns the building of a fast conventional double-track 1435 mm gauge electrified and ERTMS equipped railway line with overall length of 890 km on the route from Tallinn through Pärnu (EE), Riga (LV), Panevėžys (LT), Kaunas (LT) to the Lithuania/Poland state border (including a Kaunas – Vilnius spur) with a speed of 249km/h.

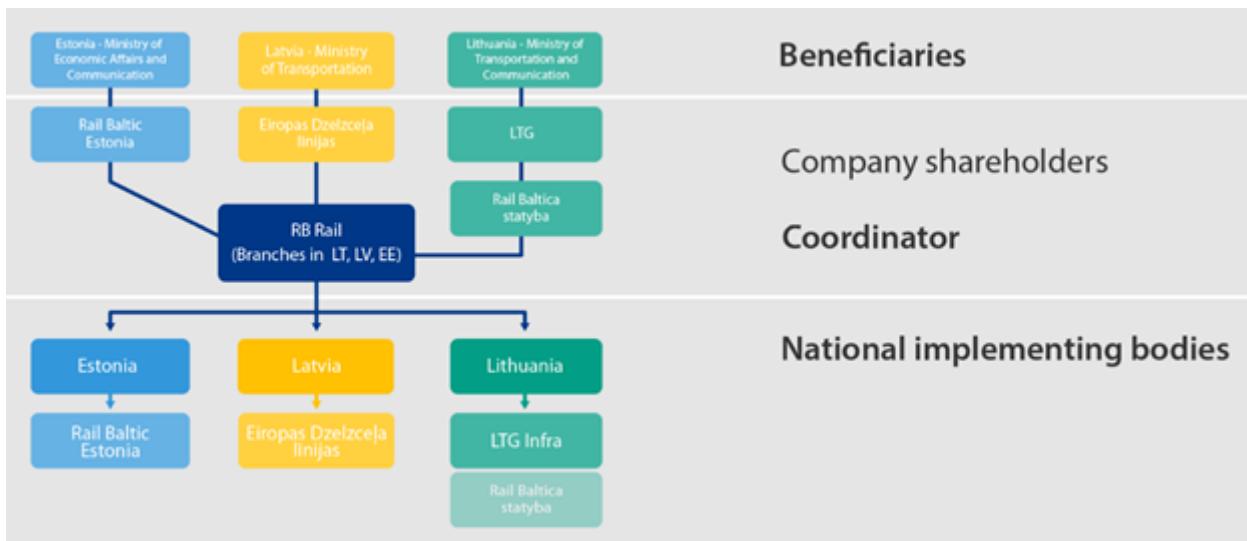

Railway line for both passenger and freight transport shall be interoperable with the TEN-T Network in the rest of Europe and competitive in terms of quality with other modes of transport in the region.

Rail Baltica is to become a part of the EU TEN-T North Sea – Baltic Core Network Corridor, which links Europe's largest ports of Rotterdam, Hamburg and Antwerp – through the Netherlands, Belgium, Germany and Poland – with the three Baltic States, further connecting to Finland via the Gulf of Finland short sea shipping connections with a future fixed link possibility between Tallinn and Helsinki. Furthermore, the North Sea – Baltic Corridor crosses with the Baltic-Adriatic Corridor in Warsaw, paving the way for new supply chain development between the Baltic and Adriatic seas, connecting the Baltics with the hitherto inadequately accessible Southern European markets.

The contracting authority RB Rail AS (hereinafter - RBR) was established by the Republics of Estonia, Latvia and Lithuania, via state-owned holding companies, to coordinate the development and construction of the fast-conventional standard gauge railway line on the North Sea – Baltic TEN-T Core Network Corridor (Rail Baltica II) linking three Baltic states with Poland and the rest of the EU. The main technical parameters are in full compliance with TSI INF (COMMISSION REGULATION (EU) No 1299/2014) and they are detailed in Design Guidelines. The key design criteria to follow are (non-exhaustive list):

- double track, mixed passenger and freight traffic line, design speed on the main track 249 km/h;
- axle load 25 t;
- Rolling stock gauge SE-C
- distance between track centres at least 4.50 m on the main tracks;
- all pedestrian, road and 1520mm rail crossings only as over or under crossings (segregated grade crossings), fencing and noise barriers where needed;
- ETCS L2 B3 R2 without trackside signalling and GSM-R B1 with possible update to the newest version of TSI-CCS, including FRMCS implementation;
- electrification 2x25 kV AC;
maximum train length – 1050m for freight trains and 400m for passenger trains
- height of passenger platforms 550mm.

The diagram below illustrates the shareholder and project governance structure of the Rail Baltica project.

The expected core outcome of the Rail Baltica Global Project is a European gauge (1435mm) double-track railway line for both passenger and freight transport and the required additional infrastructure (to ensure full operability of the railway). It will be interoperable with the TEN-T Network in the rest of Europe and competitive in terms of quality with other modes of transport in the region. The indicative timeline and phasing of the project implementation can be found here: <http://www.railbaltica.org/about-rail-baltica/project-timeline/>.

2. Procurement subject

- 2.1 RBR is appointed to organize the consolidated procurements for **design, manufacturing and delivery** of sleepers with fastening system and supporting components for its deployment as part of the railway track infrastructure. This procurement shall ensure deployment of the economically and technically most feasible solutions which meets all Rail Baltica requirements in all three Baltic states Estonia, Latvia and Lithuania to maximise the benefits. (*With amendments No 7, dated 25 November 2021*)
- 2.2 The **supply** of sleepers with fastening system and supporting components **includes design**, production and delivery of pre-stressed mono-block concrete sleepers equipped with fastenings, rail pads and under sleeper pads (USPs) fitted to the sleepers to form one element for entire Rail Baltica Global project, in particular: (*With amendments No 7, dated 25 November 2021*)

1. Pre-stressed mono-block concrete sleeper for 1435mm track gauge with 60E2 rail profile designed to withstand the following load and speed conditions throughout the Design Working Life of 50 years:

Axle load, tons (t)	Speed, km/h
25 t	≤ 120
22,5 t	$> 120 \text{ and } \leq 160$
19 t	$> 160 \text{ and } \leq 250$
18 t	$> 250 \text{ and } \leq 300$

2. Elastoplastic Under Sleeper Pads (USPs) embedded onto the sleepers during the production phase, covering the entire bottom (base) area of the sleeper.

Sleepers shall be **designed**, produced and supplied in accordance with following parameters (**maximum allowable tolerances to geometric properties shall be in accordance with EN 13230-1:2016 table No 1**):

Parameter	Requirement
Overall length of the concrete element (L)	2600 mm
Minimum bottom width (b1)	≥ 300 mm
Minimum top width (b2)	170 mm
Maximum height at rail seat (hp)	≤ 220 mm
Inclination of the rail seat	1:40
Minimum nominal weight of the sleeper (W_{nom}), incl. fastening system	$W_{\text{min}} \geq 300$ kg

(With amendments No 7, dated 25 November 2021)

Three different type sleepers with fastening system and USP to be procured:

1. Complete fastening system integrated with sleepers category D for straight sections and curves with radius $R > 400$ m including elastic fasteners, rail pads, rail shoulders.
2. Complete fastening system integrated with sleepers category C for curves with radius $R \leq 400$ m including elastic fasteners, rail pads, rail shoulders.
