

Vacancy

Bid Project Manager

RB RAIL AS office in Riga, Latvia

Rail Baltica is a once-in-a-lifetime infrastructure megaproject – if you're looking for a meaningful work in an international setting, look no further. This is where you can make an impact to be proud of.

You will be part of integrating the Baltic States into the European rail network and building a new economic corridor to bring long-term benefits to the Baltic region and its people. You will work with a cross-border team of more than 200 of the brightest minds in the industry.

We are looking for a new enthusiastic colleague to join our growing team in the position of **Bid Project Manager**.

Job summary

Bid Project Manager will be responsible for the planning and development of project proposals for future Rail Baltica project financing. In particular, the position will be responsible for the implementation of the strategy of successful project proposal development. During the work process Bid Project Manager will be responsible for assistance to project partners in development of unique selling points based on the company/project needs, as well as be in charge of research, obtaining the information required to compile the proposal, writing and checking the project proposals together with key members (including management of the process) of the project team as well as national Beneficiaries and Implementing bodies (including also negotiations on the priorities of the project proposal).

What's in it for you

A job with purpose and impact

Exceptional international project experience

Innovation-driven work

Professional and self-development

Flexible work arrangement

Benefits and Bonus programme

Supportive network of professionals

Salary from 3000 EUR gross (before taxes)

We will entrust you to

- Development of project proposal strategy
- Management of project application preparation and signing of the EU financial support agreements, managing engagement and negotiations with European Commission institutions and national project Beneficiaries and Implementing bodies
- Assistance and/or management of project planning process, e.g. project scope review, project proposal alignment
- Assistance in signed Grant Agreement management

To succeed, you should have

- Experience in development of EU funded project proposals or construction, design tenders; project proposal evaluation will be considered an advantage
- Experience in EU funded project management
- Experience in working with infrastructure projects will be considered an advantage
- Excellent communication and negotiation skills
- Excellent command of business English

Application process
