# Finance Project Manager

Any RB Rail AS office in Tallinn, Riga or Vilnius

Rail Baltica is a once-in-a-lifetime infrastructure megaproject – if you're looking for a meaningful work in an international setting, look no further. This is where you can make an impact to be proud of.

You will be part of integrating the Baltic States into the European rail network and building a new economic corridor to bring long-term benefits to the Baltic region and its people. You will work with a cross-border team of more than 200 of the brightest minds in the industry.

We are looking for a new enthusiastic colleague to join our growing team in the position of **Finance Project Manager**.

## Job summary

Finance Project Manager - on behalf of the Joint Venture will be responsible for managing the finance and planning teams in establishing CAPEX planning process, including cost forecasting and control procedures. Work in liaison with the CFO and Ministries to further develop long-term financial strategy for the Global Project, exploring both private and public financing sources that could supplement CEF funding. Represent the finance department and in some cases fully manage key studies for the Global Project (new cost-benefit analysis & business plan, electrification and signalling system development studies, transport demand model).

## What's in it for you

A job with purpose and impact

Exceptional international project experience

Innovation-driven work

Professional and self-development

Flexible work arrangement

Benefits and Bonus programme

Supportive network of professionals

Salary from 3000 EUR (before taxes)

## We will entrust you to

- Develop financing plans for the Global Project taking into account the available and possible financing means, including analysis of alternative financing means (outside the Connecting Europe Facility - CEF) for their attraction and further management
- Participate in the development of a comprehensive plan for the total costs (CAPEX) of the Global Project, including periodic updating and control of cost forecasts (both in terms of time and volume), including risk management and cash flow analysis
- Participate and, within its competence, ensure the renewal and maintenance of the Global Project business plan and coordination with the Beneficiaries
- Participate and, within the scope of its competence, provide new benefit analysis (CBA) research development and coordination with the Beneficiaries

## To succeed, you should have

- 3+ year experience from corporate finance advisory, Big4, strategy consultancy firms or similar financial role
- Solid quantitative and analytical skills, including financial modelling and analysis
- Experience showing ability to learn quickly and attend to detail while maintaining a big picture orientation
- Excellent communication and negotiation skills
- High ethical standards, integrity and impeccable reputation
