Nr.	Question	Answer
1.	According to information published in E-Tenders system, estimated contract price of the procurement contract is 90 000 EUR. Will the tenderer be automatically excluded from the Tender, if the proposed contract price exceeds the estimated contract price? Or will the Procurement commission evaluate the Tender anyway?	The Procurement commission indicates that in this Procurement the estimated contract price is determined in order to select the type and the applicable procedure of the procurement and is indicative. If the Tenderer submits a proposal with contract price that exceeds 90 000 EUR, the Procurement commission will evaluate the proposal according to procurement regulations, Public Procurement Law and the financial capabilities of the Contracting authority.

Sincerely,

Procurement commission chairperson

I. Rudzīte
