

Vacancy

Deputy Construction Materials Project Manager

Any RB Rail AS office in Tallinn, Riga or Vilnius

Rail Baltica is a once-in-a-lifetime infrastructure megaproject – if you're looking for a meaningful job in an international setting, look no further. This is where you can make an impact to be proud of.

You will be part of integrating the Baltic States into the European rail network and building a new economic corridor to bring long-term benefits to the Baltic region and its people. You will work with a cross-border team of more than 200 of the brightest minds in the industry.

We are looking for a new enthusiastic colleague to join our growing team in the position of **Deputy Construction Materials Project Manager**.

Job summary

The main focus of this role will be managing implementation in accordance with the global project objectives and best practices of project management particularly related to the scope of works, time of the project implementation, budget control and the quality of the works. The role will include providing project management in the procurement phase, as well as managing the ongoing component contracts ensuring components are available in a timely manner, to acceptable quality levels.

What's in it for you

A job with purpose and impact

Exceptional international project experience

Innovation-driven work

Professional and self-development

Flexible work arrangement

Benefits and Bonus programme

Supportive network of professional colleagues

Competitive salary

We will entrust you to

- Prepare, implement plans, and oversee execution of the assigned Rail Baltica project parts in line with the established plans, budget and quality for the global project
- Coordinate communications, escalate and facilitate the resolution of risks, issues and possible changes
- Manage budgets in terms of estimating forecasts, tracking actuals, reporting discrepancies and making adjustments accordingly
- Cooperate with local, regional, national, and international stakeholders and communicates with internal and external project stakeholders
- Work in partnership with other departments

To succeed, you should have

- University degree with specialization in Civil/transportation Engineering, or another relevant technical field
- 4+ years of experience in Project Management or construction of civil works
- Demonstrate strong oral and written communication and presentation skills, with the ability to effectively interact with both the business partners and internal technical team members
- Experience in managing suppliers and third parties, in order to achieve project goals
- Experience in quality control and assurance of construction materials
- Fluency in English and one of the Baltic country languages (optional)

Application process

If you are willing to be a part of the challenging and unique project, and your experience and personality match the position's requirements, please, send your CV and motivation letter in English with the subject "Deputy Construction Materials PM" to RB Rail AS: job@railbaltica.org by the deadline date.
