

Vacancy

Corporate IT System Administration Team Leader

RB Rail AS office in Riga, Latvia

Rail Baltica is a once-in-a-lifetime infrastructure megaproject – if you're looking for a meaningful job in an international setting, look no further. This is where you can make an impact to be proud of.

You will be part of integrating the Baltic States into the European rail network and building a new economic corridor to bring long-term benefits to the Baltic region and its people. You will work with a cross-border team of more than 200 of the brightest minds in the industry.

We are looking for a new enthusiastic colleague to join our growing team in the position of **Corporate IT System Administration Team Leader**.

Job summary

The purpose of the position is to monitor and support the technical design, planning, implementation, improvement and renewal of the company's systems; to ensure the design, implementation and monitoring of the company's computer networks; participate in the planning and implementation of IT security policies; monitor the fulfillment of the company's IT strategy and group goals; to motivate group members to develop and improve professional competencies.

What's in it for you

A job with purpose and impact

Exceptional international project experience

Innovation-driven work

Professional and self-development

Flexible work arrangement

Benefits and Bonus programme

Supportive network of professional colleagues

Salary from 3500 EUR (before taxes)

We will entrust you to

- Develop the company's IT infrastructure in accordance with the latest IT trends and security requirements
- Perform duties related to IT budget planning and acquisition and ensure cost efficiency and cost control
- Initiate and manage IT projects and processes by organizing the involved internal resources and / or IT outsourcing providers in the short and long term
- Manage and motivate IT System Administration team.

To succeed, you should have

- At least 3 years of IT experience
- In-depth knowledge of IT systems and office equipment
- In-depth knowledge of Microsoft services (Office 365, Windows Server, Active Directory, Azure, etc.)
- Knowledge and experience in planning and improving IT infrastructure
- Familiarity with hardware administration
- Very good knowledge of Latvian and English
