***An answer to the question from the interested supplier
in the competitive procedure with negotiations
"Rail Baltica Control-Command and
Signalling Subsystem Design and Build",
identification number RBR 2022/26***

RB Rail AS presents following answer to the question received from the interested supplier until 2 February 2023:

Nr.	Question	Answer
1.	<p>Procurement regulations clause 13.1 explains how Procurement commission is going to rank the Candidates in case there were more than 5 Candidates. Clause 13.1.3 describes that Candidate can get point(s) if within 15 years Candidate "... has gained experience in role of a contractor in implementation of at least one CCS subsystem in Baltic states".</p> <p>Please confirm that phrase "CCS subsystem" must be understood as railways signaling / Interlocking system.</p>	<p>The Procurement commission indicates that definition of Control-Command and Signalling (CCS) is included in the Section 1 "Abbreviations and Terms" of the competitive procedure with negotiations "Rail Baltica Control-Command and Signalling Subsystem Design and Build", ID No RBR 2022/26, (hereinafter – Procurement) 1st stage regulations. Accordingly, within the Procurement Control-Command and Signalling (CCS) is understood as Control-Command and Signalling according to the latest updated Technical Specifications for Interoperability TSI CCS and EN 50129 standard.</p>

Sincerely,

Procurement commission chairperson

A. Benfelde
