Electronic Procurement System

***Answer to the question from interested supplier
in the competitive procedure with negotiations
“IT Architecture Development Strategy”,
identification number RBR 2023/5***

RB Rail AS presents following answer to the question received from interested supplier until 30 June 2023:

Nr.	Question	Answer
1.	<p>Would our participation in the IT Architecture tender impact the PQ for the CCS and the CCS tender later in terms of conflict of interest? How is this seen?</p>	<p>Procurement commission (Commission) clarifies that the potential conflict of interest (advantage over other tenderers) situations are assessed on case-by-case basis in each procurement procedure separately. At this stage the Commission is not able to determinate whether there may or may not be potential advantage over other tenderers in procurement “IT Architecture Development Strategy” (Procurement).</p> <p>Also, Commission informs that it will share all necessary documents with all Procurement 2nd stage participants to avoid potential advantage as much as possible but will evaluate the situation considering actual circumstances e.g., time when 2nd stage for both procurements will be launched.</p>

		In case of doubt the tenderer will have the right to prove that it's involvement in other procurements does not restrict competition.

Sincerely,

Procurement commission chairperson

I. Rudzīte
