

Vacancy

Quality Manager

RB Rail AS office in Riga, Latvia

Rail Baltica is a once-in-a-lifetime infrastructure megaproject – if you're looking for a meaningful work in an international setting, look no further. This is where you can make an impact to be proud of.

You will be part of integrating the Baltic States into the European rail network and building a new economic corridor to bring long-term benefits to the Baltic region and its people. You will work with a cross-border team of more than 200 of the brightest minds in the industry.

We are looking for a new enthusiastic colleague to join our growing team in the position of **Quality Manager**.

Job summary

The primary responsibility of the Quality Manager will be to ensure that the requirements of EN ISO 9001 are duly implemented and maintained within RB Rail AS and to provide support for the implementation of the best quality standards.

What's in it for you

A job with purpose and impact

Exceptional international project experience

Innovation-driven work

Professional and self-development

Flexible work arrangement

Benefits and Bonus programme

Supportive network of professionals

Salary from 4000 EUR (before taxes)

We will entrust you to

- To develop and implement the requirements of EN ISO 9001 in RB Rail AS.
- Oversee and assist Management to achieve the goals and objectives of the Quality Management System (QMS) and conformance with legislation, strategies, policies and initiatives, including continuous improvement.
- Operating at a strategic level, assist in the development and drive QMS management manual and initiatives that will significantly enhance the overall performance of the QMS across RB Rail and Rail Baltica project.
- To develop and implement strategies and initiatives that influence the current workforce culture so that quality of workmanship, implementation of the QMS, and continuous improvement are naturally managed in all aspects of work.

To succeed, you should have

- Extensive experience in definition and implementation of Quality Management systems and processes (7+ years).
- Experience in implementing, communicating, and maintaining ISO 9001 quality management systems, requirements, standards and best practice processes.
- Experience in developing management system documentation.
- Fluent in written and spoken English.
- Resilient to coping with conflicting demands, able to prioritize duties and work independently. Strong goal-oriented culture
- High ethical standards, integrity, and impeccable reputation.

Application process

If you are willing to be a part of the challenging and unique project, and your experience and personality match the position's requirements, please, send your CV and motivation letter in English with the subject "Quality Manager" to RB Rail AS recruitment partners SIA ASTRAL Executive Search: railbaltica@astralexecutive.com by the deadline date.

RB Rail AS as a controller and SIA ASTRAL Executive Search as its respective partner ensures that data processing within recruitment process (for recruitment and hiring related purposes) is carried out in accordance with regulations on the protection of personal data processing.
