Lithuania and Estonia",
identification number RBR 2023/10***

RB Rail AS presents following answer to the question received from the interested supplier until 20th September 2023:

Nr.	Question	Answer
1.	[..] would like to submit the following documents according to clauses 8.2.1 and 8.2.3 of the Regulations: POA for [..] signed by management board member with DigiDoc (Estonian e-signature tool), [..] registry card and another extract from Estonian Companies Register which shows information regards shareholders, board members, beneficial owners etc. Extracts are available free online in English language at https://www.rik.ee/en/e-business-register . Please let us know if extracts from companies register are sufficient or we have to "legalize" or "self-approve" these documents. In case we do have to self-approve the documents, will it be sufficient when management board member signs these documents with Estonian e-signature tool with a confirmation letter where our management board member confirms that submitted documents are valid?	The Procurement commission does not evaluate proposals or their parts before opening them in accordance with the procedure stipulated in the Section 16.1 of the open competition "Mobile communication services in Latvia, Lithuania and Estonia", ID No RBR 2023/10, regulations. However, the Procurement commission indicates there is no need to legalize or self-approve any of the documents submitted unless it is mandatory in accordance with the regulatory acts of the Republic of Estonia.

Sincerely,

Procurement commission chairperson

E. Saule
