

Vacancy

Road Engineer

RB RAIL AS office in Riga, Latvia

Rail Baltica is a once-in-a-lifetime infrastructure megaproject – if you're looking for meaningful job in an international setting, look no further. This is where you can make an impact to be proud of.

You will lend a hand in integrating the Baltic States into the European rail network and building a new economic corridor to bring long-term benefits to the Baltic region and its people. You will work with a cross-border team of more than 200 brightest minds in the industry.

We are looking for a new enthusiastic colleague to join our growing team in a position of **Road Engineer**.

Job summary

The primary responsibilities of Road Engineer will be to serve in technical role including planning, analysis, design and detailing of roads and related infrastructure projects through whole project including construction phase.

What's in it for you

A job with purpose and impact

Exceptional international project experience

Innovation-driven work

Professional and self-development

Flexible work arrangement

Benefits and Bonus programme

Supportive network of professional colleagues

Salary from EUR 3200 (before taxes)

We will entrust you to

- Lead complex structural analysis and design review for all structural aspects of road projects and related infrastructure and similar railway structures (embankment, bridges and other structures)
- Develop tasks and objectives, ensure that all tasks are delivered on-time, in quality, within scope and budget
- Assist Technical Project Managers on assigned daily technical tasks and participate in meetings
- Substitute other team members during the absence if needed.

To succeed, you should have

- Master's or bachelor's degree or equivalent in Civil Engineering, with Road Engineering specialisation
- 5+ years' experience of road engineering design and design supervision
- Knowledge and practical experience of working with construction contracts and understanding the general terms and conditions
- Experience in working with local standards and international standards such as Eurocodes

Application process

If you are willing to be a part of the challenging and unique project, and your experience and personality match the position's requirements, please, send your CV and motivation letter in English with the subject "ROAD ENGINEER" to RB Rail AS recruitment partners SIA ASTRAL Executive Search: railbaltica@astralexecutive.com by the deadline date.

RB Rail AS as a controller and SIA ASTRAL Executive Search as its respective partner ensures that data processing within recruitment process (for recruitment and hiring related purposes) is carried out in accordance with regulations on the protection of personal data processing.
