Answers to the questions received from the interested suppliers in the open competition "Detailed technical design and design supervision services for main line section from Riga International Airport to Misa and from Upeslejas to railway station "Rīga – Preču", Id No RBR 2023/17

RB Rail AS presents the following answers to the questions received from the interested suppliers until 19 March 2024:

Nr.	Questions	Answers
1.	Please allow the tenderers to use reference projects' experience from the past 10 years (instead of 7 years as indicated now), as this scale of projects are not so frequent and usually take several years to complete. Moreover, the references for Key Experts are also considered from the past 10 years.	Procurement Commission kindly informs you that your request with justification has been received and Procurement Commission has made decision to amend clause 9.4.1. of open competition regulation by extending reference period for proving previous experience from current 7 (seven) to 10 (ten) years before submission deadline for bids. Please follow up to the latest version of open competition regulation published in E-Tenders System https://www.eis.gov.lv/EKEIS/Supplier/Procurement/112508 and on webpage of RB Rail AS (https://www.railbaltica.org/tenders/detailed-technical-design-and-design-supervision-services-for-main-line-section-from-riga-international-airport-to-misa-and-from-upeslejas-to-railway-station-riga-precu/).
2.	Please confirm that track category P4 (according to TSI) would be acceptable for Contracting Authority as the reference required for track design (both as company reference and Key Experts' references).	Procurement commission notes that only those completed detailed technical design projects for railway which fully meet all the technical parameters determined for the tenderer's and key experts' experience will be accepted as compliant.
3.	Please confirm if Contracting Authority considers as valid reference a project which is under development and partially accepted by the Client, having in mind that the scope	Procurement Commission notes that in clause 9.4.1. of open competition regulation there is explicitly stated at what stage design project shall be completed if design is only part of wider scope of

	which is requested in this tender as reference, is already prepared in that project.	agreement to be entitled to refer to it in order prove compliance with requirements set for the tenderer's experience. Please see Clause 9.4.1. of open competition regulation.
