

Vacancy

Health and Safety Specialist

RB Rail AS office in Riga, Latvia

Rail Baltica is a once-in-a-lifetime infrastructure megaproject – if you're looking for meaningful job in an international setting, look no further. This is where you can make an impact to be proud of.

You will lend a hand in integrating the Baltic States into the European rail network and building a new economic corridor to bring long-term benefits to the Baltic region and its people. You will work with a cross-border team of more than 200 brightest minds in the industry.

We are looking for a new enthusiastic colleague to join our growing team in a position of **Health and Safety Specialist**.

Job summary

To develop and ensure effective implementation of Health and Safety (H&S) provisions and processes across RB Rail AS (RB Rail) and projects managed by RB Rail, to develop and propose H&S requirements for the Rail Baltica Global Project (RBGP) to strive for "Zero accident project", to ensure data gathering and coordination of H&S statistics and reporting at RBGP level.

What's in it for you

A job with purpose and impact

Exceptional international project experience

Innovation-driven work

Professional and self-development

Flexible work arrangement

Benefits and Bonus programme

Supportive network of professional colleagues

Salary from 3400 EUR (before taxes)

We will entrust you to

- Develop and implement H&S processes across the organization, ensure implementation of H&S requirements, including coaching and mentoring.
- Ensure day-to-day management of occupational H&S, assist project owners and managers in the general supervision of the requirements.
- Develop and implement H&S Management tool for electronic H&S data management (software, EDMS).
- Collaborate with experts of Rail Baltica implementation organisations to propose and align goals, policies, key performance indicators and practices (including procedures and standards) for a consistent, measurable and comparable performance on cross-project level.
- Summarise monthly H&S performance results, carry out trends analysis and prepare lessons learned.

To succeed, you should have

- Degree or a similar level qualification (corresponding to first level higher vocational education in H&S according to Regulations of Cabinet of Ministers).
- 5+ years in a H&S position in construction sector, ideally related to railway infrastructure.
- Effective interpersonal and verbal & written communication skills.
- Strong organizational, planning and problem-solving skills.
- Fluent in English and Latvian, good command of technical English.

Application process

If you are willing to be a part of the challenging and unique project, and your experience and personality match the position's requirements, please, send your CV and motivation letter in English with the subject "HEALTH AND SAFETY SPECIALIST" to RB Rail AS recruitment partner Alliance for Recruitment: railbaltica@afr.lv. by the deadline date.

RB Rail AS as a controller and Alliance for Recruitment as its respective partner ensures that data processing within recruitment process (for recruitment and hiring related purposes) is carried out in accordance with regulations on the protection of personal data processing.
