It is registered in Riga according to Commercial law of Latvia. Main business of the company is design, construction and marketing (including branding) of the new railway line – Rail Baltica.

### Project:

Following the regain of independence of the Baltic States in the 90s of the past century, an idea about **connecting the Baltic States to “the heart of Europe”** was born. The idea intended to renew direct connection to the railway network of Europe by building a new European standard 1435 mm gauge railway in the Baltic States and connecting such metropolises as Tallinn – Riga – Kaunas – Vilnius – Warsaw – Berlin and prolonging the route to other European cities up to Venice in the future. Indirectly this route includes also Finland, since the planning incorporates an idea to build an underwater tunnel, which could connect Tallinn and Helsinki by train.

### Procurement aim:

**Rail Baltica is decade’s most important infrastructure construction project for Baltic countries and EU** with enormous potential impact on people and businesses in Baltics and Europe. It is also extremely complicated project involving many shareholders and numerous stakeholders with conflicting interests. Thus, one visual look and voice for this project is paramount for strengthening the One Baltic Voice communication.

The main aim of this tender is to find the vendor being ready to develop and maintain the Rail Baltica Global Project websites in order to strengthen Rail Baltica brand in line with its visual guidelines.
