"Polish / Lithuanian state border – Kaunas – RRT Palemonas" upgrade", id. No RBR 2017/2**

RB Rail AS presents the following answer to the question received until 27 February, 2017 from the interested suppliers:

No	Question	Answer
1.	Different countries has different regulation about experts responsible for spatial/regional planning. In many countries this duties executed by persons with architectural, geodesy and cartography education. During their studies they have courses of spatial/regional planning and as well additional training for special planning. Please confirm that for employer will be acceptable experts with master's degree in architecture, geodesy and cartography to fulfil/meet requirements of tender documents clause No. 3.1.9.	Yes, we confirm that master degree in architecture, geodesy and cartography - which is in line with our requirement - clause 3.1.9., part a) is acceptable. Please note that Tenderer should submit evidence that proves rights and capabilities to perform the required work at its best.
